PATRON'S MESSAGE

With the success of the 2019 Victoria Police & Emergency Services Games behind us, we now eagerly set our sights on the 2020 Games.

Victoria's emergency service agencies embrace the spirit of the Games more enthusiastically every year. We hope that continues in 2020 and I look forward to seeing a high level of participation and healthy competition among colleagues and between agencies.

One of the greatest things about the Games is that they are open to all ages and abilities, from people who regularly participate in sport or physical activities, to those who might not have pulled on the athletic gear for some time. There are many sports to participate in, from the very athletic such as netball, basketball and crossfit, through to more sedate, but no less competitive, activities like darts and lawn bowls. There are sports for individual competitors and for teams. The Games have something for everyone, and with venues across the state, there is access for all who wish to take part.

It is well known that physical activity can help us keep ourselves mentally well. We also know the wellbeing benefits of connecting with and sharing experiences with others. We all have busy lives and for many of us it is difficult to find time for these activities. The Games provide a wonderful opportunity for participants to set goals around fitness or participation, and to make time to work toward them.

Emergency service employees enter in the Games for various reasons. Individual competitors may be aiming for a personal best performance, or a team may be looking to win bragging rights over another for a year. Others may simply want to experience a new sport or spend time outside of the workplace with colleagues and peers. Whatever the motivation, the Games are a fun and memorable experience for everyone who participates.

I acknowledge and thank the Sports Federation, sports coordinators and volunteers for their efforts in organising the 2020 Games. The Games would not be possible without the considerable work that they do.

I look forward to seeing participants in action when I visit the venues and events throughout the Games. I encourage everyone to promote the Games, register for an event or two, get a team together, and enjoy what will be a wonderful nine days of sporting competition and fun.

GRAHAM ASHTON, AM
Chief Commissioner
Victoria Police

PRESIDENT'S MESSAGE

The 2019 Games were my first as President, and the experience was exhilarating; beginning with the launch at the MCG in February 2019, attending events throughout the Games to cheer on our athletes, and presenting event medals to honour our participants in March 2019. The Games are a life changing experience for all those involved, and I look forward to working with the Victoria Police Games Federation Committee again for the 2020 Games, being held from 20-29 March 2020.

We all know the benefits of an active lifestyle and the positive impact it can have on our physical and mental health and wellbeing. Finding time for family, friends, sport or exercise is a challenge we all face, but it is particularly important for those working in the emergency management sector. The Victoria Police and Emergency Services Games are about more than competition; they are an opportunity for us to come together, to prioritise our own physical and mental health, and to invest in the friendships that characterise the spirit of the Games.

The 2019 Victoria Police and Emergency Services Games were a huge success. The facts speak for themselves: over 3100 participants, 4874 individual entries, 41 sports, and 23 affiliated agencies within the Victoria Police Games Federation.

The most popular sports in 2019 continued to be netball, soccer 7s, basketball and angling. The Games were enhanced in 2019 with the addition of indoor rock climbing as a new sport, taking the Games to new heights.

I was also pleased to join the Minister for Police and Emergency Services, the Hon Lisa Neville, and the Chief Commissioner of Police, Graham Ashton, at the launch of the 2019 Games on 13 February 2019, to present the 2018 Games winners with the Inter Services Trophy to

Corrections Victoria and the Chief Commissioner's Trophy – for the 3rd year in a row – to the Transit and Public Safety Command.

A lot of work goes into staging the Games and organising the logistics of the sporting events held at 40 venues across the state. They take place because of the commitment and the contribution of our agency representatives, Sports Coordinators and our incredible volunteers. My personal thanks go to all who helped make the 2019 Games successful and enjoyable!

I am looking forward with anticipation to the 2020 Games. Already the support has been fantastic. Many of our loyal sponsors show their interest in the Games with these valued partnerships continuing for the 2020 Games. APS Benefits has been a long-time sponsor and these Games mark the 20th consecutive year they have partnered with us. BankVic has provided incredible support for the Games since joining and are more directly involved than ever before. We are also continuing our invaluable relationship with Transurban that provides spectacular outdoor promotions of the Games across Melbourne each year. Our partnership with the web developers, FUSESport continues with their generous support for our online registration portal and development of the Games website. Their contribution is vital and ensures that up to date information is available for all events and activities throughout the nine days of competition.

We are extremely grateful for the sustained support of all of our sponsors and thank them for their investment in the 2020 Games.

To our participating agency CEOs, senior executives and leaders, thank you for continuing to champion your employees to prioritise their health and wellbeing by taking part in the Games.

Finally, the Games are significant because of the diverse range of competitors coming together from our participating agencies. I encourage you all to get involved and be part of the fun at the 2020 Games.

Join a friend, form a team, make a commitment to compete yourself, encourage others to participate, or promote volunteering at the 2020 Games. Let's all start preparing for the next Games now, to make them a resounding success.

It might just be you or your team on the podium at the end of the 2020 Games!

If a competitor has entered an event after the maximum has been reached and was received late and after the advertised close of entries, the entrant shall only be eligible to receive a refund of the sport fee. Every sport has a minimum number required for the competition to proceed. If a minimum number is not reached, then the sport will be cancelled. In this case, the event cancellation policy will apply

Victoria Police members are encouraged to contact their WorkCover representative for further information.

Participants from all other affiliated agencies outside of Victoria Police are not covered under the above policy. Participants need to check with their own agency regarding any personal insurance cover whilst participating in the Games.

Injuries that occur as a result of participating in the 2020 Games must be reported to the Sports Co-ordinator as soon as possible and recorded using a specific 'Injury/Incidence Report' form.

All competitors should be in a healthy physical condition and ready for competition to maximise enjoyment and to minimise personal injury. If unsure, or competing in strenuous competition, please consult your physician before commencing competition.

Should a mutual resolution not be made, the competitor can lodge a further appeal in writing to the Victoria Police Games Federation Executive Officer within 24 hours of their event. The VPGF will then investigate and notify the competitor and Sports Co-ordinator of the result.

If the presentation of medals is affected by the possible results of a protest/dispute, the awards shall be withheld pending the Protest/Dispute decision.

The VPGF also asks every participant to be aware about the need for increased vigilance when conduct sporting events in today's environment. Competitors are asked to have their agency identification with them at the events they are competing at. Should the relevant identification not be shown when asked by the Sports Coordinator, then the individual may be asked to leave the premises and not take part in the Games.

Risk Management: The Games Federation has a commitment to use risk management practices to support and enhance all the sporting events in the Games. A 'Facility Safety & Game Day Readiness Checklist' is completed by each Sports Co-ordinator to ensure that sports event venues are 'fit for purpose', and action plans are designed to reduce the likelihood and consequence of injury. Further to this Sports Co-ordinators now include a 'Security Strategy' as part of their action plans as mentioned above.

Results of all events and sports will be posted on the Games website under the "Results" section as soon as they have been received by the Games Office from the Sports Coordinators. Coordinators are asked to finalise their results and send them through as soon as possible.

Medal Presentations will be made at the conclusion of the final of each event or at the discretion of the Sports Coordinator. Placegetters who do not attend medal presentation ceremonies MUST arrange delivery of their medals through the Sport Co-ordinator. The presentation for the Chief Commissioner's Trophy and the Inter-Services Trophy will be made at the discretion of the VPGF Executive. The winners will be acknowledged at the launch of the Games for the following year.

Victoria Police Games Federation Chief Commissioner's Trophy & the Inter-Services Trophy

As there can be a large difference in the number of personnel attached to each Agency and Police Department, the weighting factor ensures that all Agencies/Departments compete on an equal basis. This weighting factor better reflects the participation rates of staff within the Agencies/Departments, making the process fairer overall. This process incorporates a participation percentage, bonus points for competitors who enter more than one event, and medal points for placings. The trophies will be awarded to the Agency/Department gaining the highest number of points (combination of total participation and medal points). Every member of a competing agency taking part in the Games will earn participation points for his or her agency/department and medal points for placings. Victoria Police entrants to the Games MUST nominate the region, department or command to which their points are to be awarded upon registration.

Retired Police Veterans are not eligible to compete for The Chief Commissioner's Trophy whilst Retired emergency services personnel and volunteers are eligible to compete for the Inter-Services trophy if they meet the respective criteria.

Scratching's will automatically penalize the Agency the equivalent participation points.

Withdrawals due to illness or injury will not attract a penalty.

Calculating Bonus Points and Total Participation Percentage. The bonus points for each agency are based on the average number of entries per competitor per agency.

For example: **Agency/Department A** has 100 staff members, 50 competitors and 75 entries. The percentage of employees competing is 50%, and the average number of entries per competitor 1.50. The average number of entries per competitor is applied as a weighting to the participation percentage to give a total participation percentage of 75%. The total participation percentage is then ranked from highest to lowest, and agencies assigned a rank score.

Affiliated Agencies Identification

The following abbreviations are used to signify the eligible agencies competing in these Games:

Bonus Points. Medal points will be awarded to place getters as follows: 1st (5 points), 2nd (3 points) and 3rd (1 point). Each agency's total number of medal points is added up and ranked from highest to lowest and agencies assigned a rank score. More information on the allocation of points can be found in clause 11 of the Conditions of Entry.

Overall ranking. The rank scores from the total participation percentage and the medal points are then added together, and the Agency/Department with the highest score wins.

CONDITIONS OF ENTRY

The age groups above apply to male, female and unisex competitors in the relevant events and are identified by the letters M and F respectively throughout the program and are to be taken as at 20th March 2020.

7. All entrants are reminded that they are eligible to enter both their own age group and the open age group but must pay the entry fees for BOTH age groups. They may be required to compete in BOTH age groups, except in the case of Aquathlon, Cross Country, Cycling and Duathlon events where entries will only be accepted in age groups, and the Open age group (if available) will be decided by times. Swimming events, both Open Water and Pool, entries will only be accepted in age groups.
8. Females will compete against females unless they specify that they wish to enter a mixed OPEN or unisex event. Some events may combine various age/sex divisions e.g. 5000 metres.
9. Where insufficient entries are received in age group events, the entrant will be offered the opportunity to participate in a lower age group.
- 10.1 Participants representing Victoria Police in non-individual events are encouraged to be registered with members from the same department so that they can achieve bonus points as per clause 11 below.
- 10.2 Participants from all other agencies competing in non-individual events can compete without representing a particular region or department due to the smaller number of participants representing them in comparison to the numbers representing Victoria Police. Competitors may only compete in one team per sport on the day of their event. Team members SHOULD play in the preliminaries to be eligible for the finals. The end decision rests with the Sports Co-ordinator.
- 10.3 Where a person wishes to compete in a non-individual event and is unable to locate sufficient numbers to make up a region or department team, or doubles event, their entry will be set aside until after the closing date for entries. A draw will then be conducted from those individual entries with the view to making a composite team and that entrant will be able to compete in the Games.
11. **Bonus Points**
 - 11.1 Bonus Points are awarded in all events with 5 points going to 1st place, 3 points to 2nd place, & 1 point to 3rd place. Bonus points help determine the winners of the Inter-Services & Chief Commissioner's Trophies.
 - 11.2 In all individual events, the participant earns the bonus points for their agency whilst Victoria Police participants also earn bonus points for their department.
 - 11.3 In all non-individual events/team events, Bonus Points will be allocated this way:
 - a) Only 1 set of bonus points will be allocated to an agency per non-individual/team event to the 1st, 2nd & 3rd placegetters (eg. winning team will get 5 points only to their agency and will not be individually allocated to the participants). These points will be included in the calculation for the Inter-Services Trophy. Where there is more than 1 participant from a different agency involved in the makeup of the entry, the bonus points will be awarded to the participant and their agency who setup the online entry (eg. team manager or captain).
 - b) Where a person wishes to compete in a non-individual/team event with members from another region or department within Victoria Police, they will each be granted Bonus Points towards their department should they place 1st, 2nd or 3rd, with these points contributing to the Chief Commissioner's Trophy. Clause 11.3a will apply when calculating points for the Inter-Services Trophy.

In 1995 the Victoria Police Amateur Sports and Welfare Society Inc. introduced the Victoria Police Sports Awards and commenced the Victoria Police Sporting Hall of Fame.

The Victoria Police Sports and Welfare Awards recognise the achievements of the Outstanding Victoria Police Club, Outstanding Police Administrator and Most Outstanding Individual Performance of the year. In 1999 the Victoria Police Amateur Boxing and Wrestling Club dissolved and initiated an 'Athlete Scholarship' which is now part of the annual sports awards presentations. The 'Most Improved Police Team of the Year' award was introduced in 2013 and recognises the team who has shown sustained improvement in performance.

In 2009 the Society decided to amend the awards criteria to become more inclusive of clubs who are more welfare oriented, and in 2016 created the 'Most Outstanding Police Recreation, Welfare, Social or Other

Achievement of the Year award. This award was later renamed the 'Most Outstanding Police Recreation, Social or Other Achievement of the Year' award as it was deemed that the welfare aspect was well catered for in the criteria of the other awards. Another review of the award categories took place in 2019 with slight changes occurring to the Welfare & Sporting Achievement Awards.

The Victoria Police Sports and Welfare Awards honour boards and the Victoria Police Sporting Hall of Fame Wall are situated on the Concourse Level at the Victoria Police Centre.

A full history of award winners can be found at www.vpasws.org.au

Description

AFL 9s is easy to play, not too physically demanding and provides an environment whereby participation, enjoyment and safety are a priority.

The game is played on a field that is divided into three zones. Teams score by kicking the ball into their scoring zone to forwards who are the only players permitted to score. Teams consist of three backs, three middles and three forwards. Once the game is in progress players can move freely across all three zones. The game consists of 2x20 minute halves and has unlimited interchange.

The mixed competition has at least one female in each zone (i.e. forward, centre and back) at all times.

The game is played on a reduced size field – a standard sized AFL field can comfortably fit two fields side by side.

Female goals are worth 9 points in the mixed competition – it is a no contact game. A complete set of the rules in detail are available via the following link: <http://afl9s.com.au/about/>
